## ABOUT US

Over the years we have cultivated an approach which is “practical”. We strive to remain focused on our clients growing and emerging requirements. We are a bunch of professional people and passionate about what we do. We remain disciplined and transparent. Being a service oriented organisation our mission statement reads “Deliver Value”.

We at M S P A believe in this ideology while introducing new services, expanding our reach, advising our clients and executing transactions for them.

Started in the year 2021 at Pune we have today grown into an organisation capable of executing transactions across business entities regardless of their domain and size.

Given our team members experience in planning, executing and closing various assignments, we have structured our services in a manner that facilitates delivering value for our customers. As a firm we have an ambitious growth plan with our wide range of services, quality output and focused approach.
